

Please do NOT allow LPFM stations to take priority over current FM translator service. K-LOVE serves as a positive & uplifting influence on my whole family. Without this particular station, giving encouraging words & positive reinforcement to our community, I feel there would be more depression & crimes committed. (Positive reinforcement of ANY kind, is always a good thing!) K-LOVE has a "positive attitude" effect on my home, church, office & community. Please DO NOT allow anything to interfere with this station. Best regards, R. DeAnne Munson - Yakima, WA
